### ULTRA BALM Helps Diminish AGE SPOTS!

I tried this product and what a difference. I had a spot on my neck that would not go away and the first day I used it, my spot went away that same night! I had sores on the sides of my lips and it healed them also. It's amazing!

Bernice J.

Phoenix, AZ

When I first started using Ultra Balm I was impressed on how soft my skin felt, but after about three days I noticed that the age spots on my hands were getting lighter! This product makes me happier with my skin and hands!

### Relief for PSORIASIS & ECZEMA "GOD BLESS ULTRA-BALM!"

My 14yr old daughter has suffered from Eczema from birth. The condition has not only caused her physical suffering throughout her life but tremendous emotional stress as well. Because of her facial appearance she has experienced a great deal of social rejection in school and from kids in the neighborhood. As you can imagine, I tried every cream and remedy to help her but nothing seemed to work. I had just about given up until I found your ULTRA-BALM at a Southern Women's Show in Seminole Florida.

I can only say "GOD BLESS ULTRA-BALM!" This cream has truly saved my daughters life and mine! She has socially come out of her shell and is finally making friends. She's smiling and laughing where she used to be crying. There's just no way to describe the change that ULTRA-BALM has made in her life. Keep up the great work and please feel free to print my story.

M. Hennessy, Mother

Detroit Michigan

I have psoriasis. This is wonderful stuff. It instantly stops the itching and your skin feels so much better.

Judy S.

Long beach, CA

I live in Decatur Illinois and found your Ultra-Balm at a Home & Garden Show there. I've had a bad case of Psoriasis for over 20 years. Before ULTRA-BALM I think I tried everything, from Prescription drugs, invasive injections to numerous alternative medicine treatments but none ever gave me the relief that ULTRA-BALM has. At first I was very hesitant to buy it because of all the past product failures I'd experienced. I am so glad I gave it one last chance! I put my ULTRA-

BALM on daily and my skin is no longer cracked and dry, no longer itches, and the soreness I used to have is GONE! I want everyone to experience the success I've had with ULTRA-BALM and encourage anyone with a severe skin problem to just TRY ULTRA-BALM, especially if you've tried a lot of other solutions that have failed! You will really be amazed at the results!

G. Nordholm, Housewife

Relief From DRY SKIN Caused By ROSACEA and DIABETES

I'm 37 years old and recently found out that I was glucose intolerant, which is another name for DIABETES TYPE II. One of the symptoms associated with this condition is DRY SKIN, especially on the feet. My family doctor, who was introduced to ULTRA-BALM by his wife, suggested I try this cream before getting any prescriptive medications, as his wife, who also suffers from Diabetes found ULTRA-BALM at A Home Show in South Carolina and swears by it.

I've been using ULTRA-BALM for about a year now and cannot say enough good things about it. It keeps my skin soft and pain free. My feet no longer itch and are soft to the touch. Also, I had previously tried a few over the counter remedies before going to my doctor and not only did they not work but they kept staining my bed sheets at the foot of the bed. I found out the stains were there because many moisturizing creams contain dyes that stain material. ULTRA-BALM doesn't stain my sheets or clothes as it doesn't contain any ingredient that would stain fabric.

J. Duncan, Grandmother,

Greenville, South Carolina

ULTRA BALM PENETRATES YOUR SKIN AND DOESN'T WASH OFF!

I visited four different skin cream booths at a recent show. We sampled each one of the products. Each one washed off and left my skin dry EXCEPT FOR ONE...ULTRA BALM! I've been searching for something that works for a long time and I FINALLY FOUND IT! After I tried ULTRA BALM I went to wash my hands and it DID NOT WASH OFF. My extreme Eczema on both my hands feels totally better with this amazing product. Thank you soooo much.

Jennifer H.

Pomona, CA

I have had three knee surgeries due to arthritis and I'm scheduled for a knee replacement in January. I had poor mobility for over 11 years. At the LA County fair I put some ULTRA BALM on my bad knee and after three minutes I was able to bend my knee without any effort or pain. I bought the year long supply! Thank you!

Pomona, California

Please continue to make this product available - IT IS THE VERY BEST ON THE MARKET!!

F. Cali, Store Owner

I'm a hairdresser and my hands are always in water. A client brought a jar of Ultra-BALM to us and we love it. I haven't been able to find anything that compares.

C. Laper, Hair Stylist

Dry skin on my legs causes severe itching especially in the dry winter weather. Ultra-balm is the only product I have found which relieves my condition.

B. Adler, Store Owner

I've had Diabetes, Type II, for the past 5 years. I've tried everything under the sun to get my blood sugar down and under control (pills, vitamins, diet, exercise). A few weeks ago I started rubbing Ultra-BALM on my legs and the very next day magical things began to happen to me. My morning blood sugar dramatically plummeted; I regained feeling in my right leg and the pain in my other leg has lessened dramatically. Ultra-BALM is UDDERLY FANTASTIC!

A Mother in Maine says&hellip;

Living in Maine, we have alot of cold weather and hence, dry heat .... Also, as a mother, I have my hands in the sink constantly. Your product is the only cream that I have found that actually works to relieve my dry skin. I even use it on my feet!

M. Polinsky, Housewife

I can see and feel results already. My co-workers can also tell the difference. They were so excited, two co-workers placed orders for the product yesterday.
